A Pine Whooping Cough Remedy

Mothers, Dr. Bell's Pine-Tar-Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of cold conditions. Its qualities loosen the mucus in the throat, soothe the lungs and open up the air passages. The combination of honey, soothing and pleasant, with the loosening pine quality makes this an ideal cough remedy for children. Each passing year brings forth new friends. A family of growing children cannot afford to be without it. 25c a bottle. Adv.

You Can Not

Draw the line too sharply when you get your eyes fitted. There is only ONE pair of glasses that will fit your eyes. Approximate fitting should not be considered—should not even be referred to—when dealing with such delicate organs.

It is not fair to your eyes, nor to your pocketbook, to make the mistake of paying for glasses that are not ground for your own individual eye requirements. No matter what degree of merit they may possess as glasses, you have paid dearly for them unless they are ground absolutely accurately to correct the defect, and give you perfect comfort while you are wearing them.

To furnish these requirements, the person to whom you entrust your eyes must be fully capable of not only detecting the slightest irregularity of the eyes, but be in a position to over see the making of your lenses, and overseeing them, knows how they should be ground. As everyone knows DONOVAN'S alone possess the ability, facilities and knowledge for handling every detail of your case from the moment of beginning the examination to the time of delivery of the finished lenses. Here every operation of grinding is under the personal supervision of Dr. Donovan, assuring you the highest degree of satisfaction. Consultation Free by

And everybody pleased and delighted and getting "busy" doing what those do who go look.

USE THAT PRECIOUS

"Foresight" of yours instead of so much hindsight, and remember it is just as easy to be "right," make money and be safe as to "explain how unlucky you are," etc., etc.

MINING SECURITIES

Of the better class are getting popular, for people are learning that good, clean, "wholesome" stocks with good, proven properties and good, proven, experienced managements are the safest and best known investments.

BUY OF MINE MAKERS

And take the "advice" of men who are responsible and put your money into the "ground." Don't think you are accommodating us by asking for our conservative literature, but you'll thank us later.
